RE: Local Streets and Roads, Surface Transportation Program, Call for Projects for FY 05/06 and 06/07

**Fairfax:**

*Lew Tremaine*

Dear Commissioners:

**Larkspur:**

*Joan Lundstrom*

MTC has requested that each Bay Area CMA conduct a call for projects to develop a list of local streets and roads shortfall funding priorities in their jurisdiction. Eligible projects in each jurisdiction are pavement and non-pavement to preserve the service life of an existing facility. Priority would be streets and roads on the Metropolitan Transportation System (MTS). If an agency does not have a street or road on the MTS, or if all of their MTS streets or roads have a Pavement Condition Index rating of 70 or above, they can submit a non-MTS street or road for consideration.

**Mill Valley:**

*Dick Swanson*

**Novato:**

*Pat Eklund*

The Authority has solicited projects for \$3,380,000 Surface Transportation Program funds for FY05/06 and FY06/07. The following table (Exhibit A) shows the projects that were submitted for consideration. Exhibit B is a Fund Distribution Worksheet, which distributes funds based on the CMA's direction that new discretionary funds should first be used to restore the STIP projects deleted in 2004 due to backfilling the Gap Closure fund shortage.

**Ross:**

*Tom Byrnes*

**San Anselmo:**

*Peter Breen*

**San Rafael:**

*Al Boro*

There were insufficient funds available to complete that restoration so that priority will continue to be a consideration in future solicitations. Since this effort focuses on the backfill of funding amounts previously granted to local agencies, a ranking of projects is not recommended to make funding decisions. However, this list of projects could be routed to the Technical Advisory Committee for ranking/comment if the Authority so decides.

**Sausalito:**

*Amy Belser*

**Tiburon:**

*Alice Fredericks*

Project applications are due to MTC by August 31, 2004. Staff has developed the schedule to approve the project list at the July 22, 2004 meeting, since the August meeting may be canceled.

**County of Marin:**

*Susan Adams*

*Hal Brown*

*Steve Kinsey*

*Cynthia Murray*

*Annette Rose*

### **Recommendation**

Take public input on the draft project list. Provide direction to staff on any changes desired and direct staff to bring a final project list for approval at the July 22<sup>nd</sup> meeting.

Respectfully Submitted,

Craig Tackabery  
Executive Director
